urday's Battle Is Dispelled,"

We want to tell you why the store was crowded all-day.

We are selling a line of the ever popular Blue Serge Suits at \$10, \$12.50 and \$15 "that are
better values than can be found elsewhere."

We are selling a line of Cassimere and Cheviot Suits that comprise all the newest shades that
fashion prescribes at \$12.50, \$15 and \$18 that we bought in quantities so big that we gained price
concessions that enable us to give you values in this line "that stand alone," not only in Maysville,
but everywhere else.

Our \$25, \$27 and \$30 Suits are the kind that can be found "in our house only." Same suits
in the exclusive city stores sell for \$10 more than we sell them.

With the advent of motoring you want the proper Auto Coats. We have a large variety,
\$5 up to \$20.

Our Shirts, Underwear, Hose and Neckwear are worn by men and young men "of discerning
judgment."

In addition to our Soft and Derby Hats, most of them from the celebrated Stetson Company,
we are also now showing our importation of fine Panamas.

"Columbus"

The name "Columbus" on a buggy is equivalent
to the word "Sterling" on silver—it's an indication of
buggy perfection. The Columbus work is beautifully
made and finished, light running and stylish looking,
and, above all,

Durable!

A Columbus Buggy lasting twice as long as an ordi-
nary buggy. Ask any Columbus owner. That Mas-
on and adjoining counties appreciate a good thing is
demonstrated by the fact that every year we sell from
75 to 100 Columbus jobs.

A man from Central Kentucky told us the other
day that we are selling the Columbus work at from
\$10 to \$15 less than dealers in his locality. We re-
minded him that this is the Square Deal Store.

Street Improvement

The city is doing a much-needed improve-
ment in West Third street, between Lower
and Short, in moving a wall back on the South
side and widening the street. Owing to the
bulging of the wall the street had been made
so narrow that traffic over it was considerably
interfered with. After broadening the street
it will be crowned and tarred and made one
of the real substantial thoroughfares of the
city.

Local Representative Wanted

A corporation of National reputation desires
to appoint a local representative to look after
its fast growing interests in Maysville and sur-
rounding territory. The work is dignified and
profitable. Entire time must be given to
work. A "live wire" will be permanently es-
tablished in a business paying large returns on
the investment, for which ample security is
given. There is a fast growing demand for
the product you will represent. Address all

It has been suggested that the new County Infirmary might be built on the Infirmary farm South of the C. and O. Railroad. Or why not on the Omar Dodson farm West of the Cemetery? Then there is Charleston Bottom, or the magnificent Dover site, than which there is nowhere on earth richer land or lovelier scenery. Look around, Judge Rice, and get busy; it's up to you mainly.

Noted Editor Here

Hon. R. B. Perry, Editor and proprietor of the Winchester Star-Sentinel, a witty and pungent writer and one of the oldest and ablest newspaper men in the State, and besides being a Civil War veteran and ex-Postmaster, was in Maysville yesterday and made The Ledger office a pleasant call. He visited the three newspaper offices in Maysville, taking notes for the conduct of his new publication at Winchester.

No Sunday Excursions

It has been decided by the C. and O. that no Sunday excursions will be run this year on the Cincinnati division, owing to the heavy traffic now being handled on a single track. A new time card will go into effect next Sunday on the road, with a few changes. Trains No. 16 and 17, now run daily except Sunday, will be run seven days a week under the new schedule.

NEW WATER TANK

Fifty Thousand Gallon Pump Plant
Being Built By C. and O. at
New Docks

The C. and O. continue to add to its facilities at Maysville for the quick dispatch of both passenger and freight trains. The Company is erecting just East of the new coal docks a 50,000-gallon water tank, the whole affair being complete, solid and substantial and built mostly of steel.

The pump house will be on the river bank fronting the property of the Maysville Pressed Brick Company, and the power will be furnished by a 20-horse-power gasoline engine.

With the double tracks, the block and telephone systems, modern coal plant, two 50,000-gallon water tanks and a new turntable, the C. and O. will be prepared to handle all business at Maysville in a manner to keep up with the railroad procession.

The C. and O. road, however, is so short of side-track facilities at Maysville, as is also the L. and N., that Robinson's Circus train of forty cars cannot be accommodated.

SHE SUFFERED FIVE YEARS

Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Eric, Pa.—"I suffered for five years from female troubles and at last was almost helpless. I went to three doctors and they did me no good, so my sister advised me to try Lydia E. Pinkham's Vegetable Compound, and when I had taken only two bottles I could see a big change, so I took six bottles and I am now strong and well again. I don't know how to express my thanks for the good it has done me and I hope all suffering women will give Lydia E. Pinkham's Vegetable Compound a trial. It was worth its weight in gold."—Mrs. J. P. ENDLICH, R. F. D. No. 7, Eric, Pa.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, such as inflammation, necrosis, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial. If you want special advice, write to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

HEALTH IS WORTH SAYING, AND SOME MAY-
VILLE PEOPLE KNOW HOW TO SAVE IT

Many Mayville people take their lives in
their hands by neglecting the kidneys when
they know these organs need help. Sick kid-
neys are responsible for a vast amount of suf-
fering and ill health, but there is no need to
suffer nor to remain in danger when most all
diseases and aches and pains due to weak kid-
neys can be quickly relieved by the use of
Doan's Kidney Pills. The following statement
leaves no ground for doubt:

John O'Neill, Front street, Augusta, Ky.,
says:

"I willingly give my name as an endorser of
Doan's Kidney Pills as I believe there is no
other kidney remedy on the market today
equal to them. They have been used on num-
erous occasions by myself and other members of
the family and have never failed to bring the
desired results. I am sometimes exposed to the
weather and this served to weaken my
kidneys, as ever cold I contracted caused back-
ache. Doan's Kidney Pills quickly rid me of
the annoyance."

For Catarrh
Medicine Free in Every Case
Where it Fails to Relieve

Neglect or pessimism, I believe, is the great-
est enemy the public has to contend with when
applied to the loss or recovery of health.
Practically every case of consumption might
have been cured if hope had been maintained
and proper treatment had been resorted to at
the first symptom of the disease. Until the
advanced stage is reached consumption is cur-
able. Catarrh is responsible, I believe, for
many cases of consumption. It is about cat-
arrh I want to talk to you today. Incidentally
consumption, since the two are so closely al-
lied.

I have a medicine made from a prescription
of one of the most successful catarrh special-
ists known. I believe it is positively without
an equal. I am so satisfied that I am right,
that I will supply the medicine free in
every instance where it is used according to
directions for a reasonable length of time,
should it fail to give satisfaction in every par-
ticular. I want everyone to try this medicine
at my risk. There are no conditions attached
to my offer. I put the user under no obligation
to me whatever.

The medicine I want you to try is Rexall
Muc-Tone. It is a catarrh remedy that goes
direct to the seat of trouble. It is carried
by the blood to every part of the system. It
purifies and enriches the blood, tones up the
mucous cells and brings about a condition of
health and strength that tends to prevent the
germs of consumption from getting a start.

Besides this, Rexall Muc-Tone is a wonderful
appetizer, digestive aid and flesh builder. Its
good effects are often felt from the very first
dose. It is one of the largest and most satisfac-
tory selling medicines that I have ever had any-
thing to do with.

I know so much of the great good that it
has done that I personally back it up with my
reputation and money, which fact should be
ample guarantee to satisfy anybody. Rexall
Muc-Tone comes in two sizes, 50 cents and
\$1. I urge you to try it. Remember, you can
obtain Rexall Remedies in Mayville only at
my store, the Rexall Store, Thomas J. Cheno-
weth, Second and Sutton streets.

lected for Dam No. 28 in the Ohio river at

and approved it. Work will be started on the
Dam as soon as preliminary arrangements can
be completed. It will be built by the Govern-
ment on the day labor plan and Lieutenant
Tyler will be in charge of the work. Four
years will be required for the completion of
the Dam, and about 300 men will be employed.
It is estimated that the Lock and Dam will
cost \$1,400,000.

and Enjoyed His Visit
Very Much

Mayfield Daily Messenger.

Lieutenant Governor William H. Cox, a Re-
publican candidate for Governor, was in the
city Monday shaking hands with his Graves
county Republican friends.

Governor Cox is very popular with both par-
ties and has made many friends since he has
been Lieutenant Governor.

He wants to be the Republican nominee for
Governor and hopes to be nominated at the com-
ing Republican State Convention, which will
meet in Louisville July 11th. He met many
people here and was given a right royal wel-
come by all who met him.

Of course, a nomination will be an empty
honor, but should the State again be forced to
be afflicted with a Republican Governor, Mr.
Cox will suit about as well or better than any
other Republican.

Even though Mr. Cox is nominated he will
have a poor show to best Mr. McCreary, but
for all that, he is an elegant gentleman and
was given a hearty welcome by the people here
Monday.

and others who fit in this city. I don't know who sells the "buggy," "rid-rat" and "cheap jobs,"
I have gone very carefully over my customers' noses and found that any who have been arrested
for "bumming," "drinking" or "sneaking" or "peeing breakers," etc. We fit and sell glasses. It
matters not to me whether they buy spectacles or eye glasses, we carry both, and they are for sale
and we sell them. They give satisfaction. The best evidence that they are satisfied, they come
back when they need them. Our prices are low, our quality is good and we guarantee them.

Maysville Club Makes Another Killing Over at Chillicothe, Ohio

The Maysville League Ball Club won the second game from the Chillicothe yesterday, our boys shutting the Bucks team out by the scientific score of 1 to 0.

These present declare the game was a brilliant exhibition in every way. It is just this brand of playing that counts and Manager Mackey should build his team in hand to get results expected in the Bluegrass series.

The closing game will take place today there.

The frame work of the new grandstand up at the ball park was placed in position yesterday afternoon and the structure will be ready for the roof next week. The grandstand has a very neat look and will seat, all told, 1,500 persons. 20% UNDERFEED INVESTMENT

Most heating systems are an actual drag on the domestic treasury. If you want to enjoy actual every-winter dividends, tear out your old glutinous coal-water, with its uneven heat and hard-to-satisfy appetite for fuel. Put in a

PECK-WILLIAMSON UNDERFEED FURNACE OR BOILER

Choose the system you like best—warm air, steam or hot water. Cheapest slack in the Underfeed yields as much clean, even heat as most expensive grades; which ordinary heating plants require. All the fire is on top and has to eat down into the fresh coal against the draft. Combustion is slow and perfect, and smoke, soot and gases are entirely eliminated. This enables Underfeed furnace and boiler users to

SAVE 20% TO 25% OF COAL BILLS.

This saving represents a 20% dividend on the investment for this modern system of heating. Figure it out. It won't take long to get your money back. The Underfeed adds to the selling or renting value of any building.
